

Associate of Science, Emergency Medical Services
Paramedic Portion of the Program Data

The data below is the cohort data for cohorts whose on time completion of the paramedic courses was in 2018

Please note that this is not program completion. Students who leave a cohort are counted as a drop for that cohort. If they return and complete the program they remain as a drop in the cohort. The retention rate is a cohort not a program retention rate.

Altamonte Springs	
Retention	No Cohorts with 2018 Graduates
Placement	
Pass Rate	

Fort Lauderdale and Hollywood	
Retention	41.2%
Placement	14.3%
Pass Rate	14.3%

Gainesville	
Retention	60.0%
Placement	100.0%
Pass Rate	66.7%

Miami	
Retention	73.3%
Placement	100.0%
Pass Rate	22.2%

Retention reflects cohort retention based on on-time paramedic completion date

Placement is graduates placed in field or in a related field

Pass Rate is the % of graduates who sat and passed the Florida State Paramedic or National Registry exam. The annual data can change as graduates retest after initial posting of data.

Note: Fort Lauderdale and Hollywood programs are considered as one program for reporting purposes under the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP)
