

Associate of Science, Emergency Medical Services
Paramedic Portion of the Program Data

The data below is the cohort data for cohorts whose on time completion of the paramedic courses was in 2019

Please note that this is not program completion. Students who leave a cohort are counted as a drop for that cohort. If they return and complete the program they remain as a drop in the cohort. The retention rate is a cohort not a program retention rate.

Altamonte Springs	
Retention	75.0%
Placement	33.3%
Pass Rate	33.3%

Fort Lauderdale and Hollywood	
Retention	61.8%
Placement	23.8%
Pass Rate	33.3%

Gainesville	
Retention	No Graduates during the 2019 Reporting Year
Placement	
Pass Rate	
2018 Data	
Gainesville	
Retention	20%
Placement	100%
Pass Rate	0%

Miami	
Retention	50.0%
Placement	100.0%
Pass Rate	0%

Retention reflects cohort retention based on on-time paramedic completion date

Placement is graduates placed in field or in a related field

Pass Rate is the % of graduates who sat and passed the Florida State Paramedic or National Registry exam. The annual data can change as graduates retest after initial posting of data.

Note: Fort Lauderdale and Hollywood programs are considered as one program for reporting purposes under the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP)
